I said You gotta leave, You gotta promise me  
It's the beginning of my end, You gotta  
promise me  
How can a Holy God renew a wicked Pharisee?  
I'm saying I'm like Peter in the boat so  
just depart from me

It seems I'm destined for doom like ancient  
prophecy  
And in the dark I'm consumed, it's just  
too much for me  
With sin in full bloom, my gloom booms by the full  
moon  
And I'm thinking to myself how can you rescue  
me?

My before and after, I can't but sing  
My before and after, I'll sing praises to my King  
My before and after, here's the anthem, let it  
ring

One love, two arms, three scars  
Draw us to where You are  
No one's too far for You to save a heart

Then in the darkness of this room You snuck up next to  
me  
You put Your hand upon my wound and whispered rest  
in me  
And there I stepped out of the tomb and into destiny  
The rest they say is history, Your grace is such a  
mystery

My before and after, I can't but sing  
My before and after, I'll sing praises to my King  
My before and after, here's the anthem, let it  
ring

One love, two arms, three scars  
Draw us to where You are  
No one is too far for You to save a heart

I got a name change and that's the strange  
thing  
Cause I was once stained but now I'm  
called saint  
I got a name change and that's the strange  
thing  
Cause I was once stained but now I'm  
called saint

My before and after, I can't but sing  
My before and after, I'll sing praises to my King  
My before and after, here's the anthem, let it  
ring

One love, two arms, three scars  
Draw us to where You are  
No one is too far for You to save a heart

I got a name change and that's the strange  
thing  
I got a name change
