Yes, yes, yes, better believe what I said
If you don't straighten up, baby, honey,
I'm going upside your head

Yeah, you went out last night, and the night before
Tell you right now, baby, ain't gonna take it no more
Yes, yes, yes, better believe what I said

You think you so smart, babe, the mens all call you fine
You better have them to know, you mine, mine mine
Yes, yes, yes, better believe what I said

Bought you a ...1 fo' 99.99,
Now you wanna mistreat me, baby, and [take on?] all
the time
Yes, yes, yes, better believe what I said
