Aaaaah

I've got a feelin' baby, good's catchin' up with me  
I've got a feelin' baby, that good's catchin' up with me  
I lost twenty-five long years, I still have my family

I worked so hard all of these years  
Tryin' to bring us happiness, take away these tears  
I got a feelin' baby, good is catchin' up with me  
I lost twenty-five long years, I still have my family

(I hear ya man)

I'm gonna take it easy, somethin' I can't see  
Got to get some money, satisfy me  
I got a feelin' baby, good's catchin' up with me  
I lost twenty-five long years, still have my family

(I hear ya boss)
