I'm a-knockin' at your door, baby, wonderin' why I can't get in?

I'm knockin' at your door, baby, wonderin' why I can't get in?

I been knockin' at your door, baby, ever since I don't know when

Well, I ain't gonna leave, baby, I'm gonna knock, you have no doubt

Well, I ain't gonna leave, baby, honey, don't you have no doubt

Honey if, Jimmy Reed, can't get in, ain't nobody comin' out

The door's unlocked, the chains are down

Real quiet inside, can't hear a sound

If you asleep, everybody would know

You wake up er'ybody, by the way you snore

I know you're listenin', ev'ry word I say

If I can't get in, ain't nobody goin' away

I've been knockin' on the door, baby

Honey, how come I can't get in?

I've been knockin' on your door, baby

Ever since I don't know when

I hear ya man!
