Wake up at daybreak, I just can't sleep at night
I wake up at daybreak, I just can't sleep at night
I'm rollin' an'that's because, my baby got me uptight

I'm like a tumblin' weed¹, baby, I tumble 'cause I'm all
alone
I'm like a tumblin' weed, baby, I tumble 'cause I'm all
alone
You know I'd feel better, baby, if ya called me on the
phone

Don't you say a word, baby, long as I know you're on
the line
Don't say nothin', baby, I'm gonna say on the line
Let me do all the talkin', I've got so much on my mind

I hear ya!

I wake up at daybreak, I just can't sleep at night
I wake up at daybreak, I just can't sleep at night
I keep rollin' an' cryin', because my baby got me
uptight

Like a tumblin' weed baby, I tumble 'cause I'm all alone
I'm like a tumblin' weed baby, I tumble 'cause I'm all
alone
I would feel much better, if ya'd call me on the phone

Don't say a word, baby, as long as you on the line
Don't say nothin' , baby, just stay on the line
Let me do all the talkin', now honey, I've got somethin'
on my mind

Note 1: tumble weed, a plant (as Russian thistle or any of several amaranths) that breaks away from its roots in the autumn and is driven about by the wind as a light rolling mass.
