[Verse 1]

i woke up this morning not myself  
and thoughts fill my mind of you with someone else  
and all the pain i feel was caused by me  
but i'd feel this pain forever if it means you're happy  
but i know i'll always want to be with you  
i'll love you forever, until time's through

[Chorus]

i'll sleep the pain away  
meet tomorrow with you  
i'll sleep the pain away  
and i'll pray you could love me too

[Verse 2]

I woke up this morning all alone  
and it's no ones fault but my own  
and all the pain i feel was caused by me  
but i'd feel this pain forever if it means you're happy  
but i know i'll always want to be with you  
i'll love you forever, until time's through

[Chorus]

[Bridge]

well i know i don't deserve another shot  
that's ok, i still love you with all i've got  
I wouldn't trade anything for the time  
i spent with you, got to call you mine

[Chorus]
