[Verse 1]

I'll be leaving soon, but I believe in you  
I'll find a way  
to make it feel alright, the long days and longer nights  
this can be ok  
Just promise me it's everything, just promise me  
Just promise me it's everything, I'll do the same

[Chorus]

Cause when the days are getting colder I miss you  
most  
I'm stuck out in a rainstorm, but you're my coat  
to keep me safe, to keep me warm  
cause without you I'm just stuck in the storm

[Bridge]

just breathe out a little bit, I'll be there soon  
I'm there for you too  
Just fly a flag a little bit, we'll be okay

[Chorus]

Cause when the days are getting colder I miss you  
most  
I'm stuck out in a rainstorm, but you're my coat  
to keep me safe, to keep me warm  
cause without you I'm just stuck in the storm  
and the days are getting colder, I miss you more  
then I ever did or ever could before  
just open up
