So many days, people, I just had to steal away and cry
So many days, people, I just had to steal away and cry
Now you know, I was too blue to live
But man, you know, I was most too mean to die

Hey, Dorcie Belle, baby, you have been so mean to me
Hey, Dorcie Belle, girl, you know have been so mean to me
Now, but I'll get evil with you, Dorcie Belle
Baby, you just hang around and see

Hey, Dorcie Belle, baby, you can pack your little bags
and go
Hey, Dorcie Belle, baby, you can pack your little bags
and go
Now there's one thing I want you to remember, Dorcie
Belle
That you're no better than that little girl that I had
before
