Today, you came by, to tell me you are leaving me, and
to say, that
the love, and all that we knew had just drifted away.
And I look, in
your eyes, and I couldn't bare the pain I felt inside, of
my heart. To
think I'm gonna be lonley again, and if e-ever, then I
know at a glance
that I don't stand a chance.

Chorous:

Hold on, to my love, I'm nothing, and I can't get along
without you.
Your the light of my life. There no living without (your
love).

It's so hard, to believe, that your going away could
make me feel so
down. Cause I know, that from this moment on I won't
have you
around. And if e-ever you go, then I know at a glance
that I won't
stand a chance.

Chorous:

So hold on, to my love, I'm nothing, and I can't get
along without

you. Your the light of my life. There no living without
(your love).

Ooooh, oh baby, nobody's taking you place. But for
you, but for me,
our love would live on for the whole world to see.

Chorous:

So hold on, to my love, I'm nothing, and I can't get
along without

you. Your the light of my life. There no living without

your love. No,
no, no, no, Hey. Whooo

Honey hold on (hold on), to my love (my love), I'm
nothing (hold on)
and I can't get along without you (hold on). Your the
light, your the
light, of my life (my life). There's no living without (your
love. Hold on,
to my love). Hold on, cause I'm nothin' girl, and I can't
get along
without you, you, your the light of my life (my life). And
I just can't live
without you.
