I'ma handle my B-U-crooked letter -I,N-E, crooked
letter, crooked letter

Let's go

Chorus (2x)

I'ma handle my business
I'ma be about my business
I'ma go and handle this business
'Cuz it's kingdom
Yeh
'Cuz it's kingdom

I'ma handle my business
Hit the streets hard can I get a witness
You bes' be listenin' or you gon' miss it
You besta keep yourself in tip-top fitness
Bringin' in men like we reelin' in fishes
Love to eat the word and hate to clean the dishes
Now unto him that can exceed all of your wishes
Can overcome a million of Judas' kisses
We love on a thug and pray for the Misses
Feed the hungry, now that's my business
Preach to the corner, that's my business
And tread on the snake whenever he hisses
And got more punch than a thousand fistess
Got an army that you can enlist in
Put a call in to one of my assistants
Tell 'em that you wanna be down with the business
Don't call my business if you ain't about business

Chorus (2x)

I'ma handle my business
I'ma be about my business
I'ma go and handle this business
'Cuz it's kingdom
Yeh
'Cuz it's kingdom

I'm not tryin' to make a sale
'Cuz this right here is about heaven or hell
Seek the kingdom first then you can stack your mail

Do it that way and there's no way that you can fail
And let the homies in the hood follow your trail
My business is all about the children
Innocent lives been lost from them killin'
The streets are dying and the world needs a healin'
Gotta move 'cuz I got that feelin'
There's about to be a shift in the game
Where everybody's gotta yield to the name
Sun was shiny but take away the rain
One day my God is gonna take away the pain
Some people in your circle will not get this

You gotta break away from all them misfits
There's too much ridin' on this homie don't risk it
Stop playin' games and be about yo business

Chorus (2x)
I'ma handle my business
I'ma be about my business
I'ma go and handle this business
'Cuz it's kingdom
Yeh
'Cuz it's kingdom

Well you can't wait, got too many lives at stake
Can I get a witness

(CAMEO)
Hey, yo, you already know what it is when the business
pop up
You guessed right homie, yeh, it's Mister Pop Up
The track with that trap door that can't get knocked off
It's Canton, can we ... Cameo on a hot song (let's do it)
Kingdom is life for us
So you get the same thang homie even if the camera's
not on
The only time we front is shot gun
You get that, get back ... I need a little space when I
drop some
Ballin', I'm bout mine, do what I'm told
Fresh out the prayer closet, I be after them souls
Before or after the album's sold
But on the strip, I'm really more concerned 'bout the
path you chose
Choose life and the cash you roll
Like the wheels on the Cadillac (Cadillac) before the
casket close
Thank God for that classic flow
That attract traffic for the kingdom of God, let's go

Gotta get on my grind

I'ma handle my business
Keep it on my mind
I'ma handle my business
And I can't waste time
'Cuz it's kingdom (3x)
Survival of the fittest
I'ma handle my business
I can't play with it
I'ma handle my business
I gotta go get it
'Cuz it's kingdom (3x)

I'ma handle my B-U, crooked letter, I-N-E, crooked
letter, crooked letter
B-U-, crooked letter, I-N-E, crooked letter, crooked
letter
B-E (pause) A-B-O-U-T (pause) your
B-U, crooked letter, I-N-E, crooked letter

Yo, hey play it again
