No time for games that's how I'm liven {liven} hey
Using every gift that I'm given {given} hey
Just the thought of your name is bone chilling
So appealing my soul kinda got a warm feeling
Sense I was a little boy I knew your name
All of my family they said the same
They called you by your name shorty you know King,
Messiah,
and all those big names she told me that life was gone
cause pain {pain},
so just get on your face and call out his name
See I can't lie I love the world man {world man},
but I just feel like it time for a change hey hey

See
My walk ain't yo walk
My talk ain't yo talk
My slang ain't yo slang
But it's all the same
My bills aint yo bills
My deals ain't yo deals
But still we gotta praise him

My problems ain't yo problems whoa whoa
But I know that he can solve them whoa whoa
Jesus is who I call on whoa whoa
So guess what we gotta praise him

My gas bill due, My light due, verizon bill due
Man ya'll know how the do {cut you off} forget about
what they due
See I'm gone stay focus on what he do.
Well I thank you for the phone that I talk on {talk on}
Thank you for the legs that I walk on {walk on}
Thank you the place that I call home
And that's enough to get my praise on cause

See
My walk ain't yo walk
My talk ain't yo talk
My slang ain't yo slang

But it's all the same
My bills aint yo bills
My deals ain't yo deals
But still we gotta praise him

My problems ain't yo problems whoa whoa
But I know that he can solve them whoa whoa
Jesus is who I call on whoa whoa
So guess what we gotta praise him

I I gotta praise I gotta praise gotta praise gotta praise I
gotta praise
That's if you love him hey
That's if you need him hey
Open you heart hey and just receive him hey

I I gotta praise I gotta praise gotta praise gotta praise I
gotta praise
That's if you love him hey
That's if you need him hey
Open you heart hey and just receive him hey

My walk ain't yo walk
My talk ain't yo talk
My slang ain't yo slang
But it's all the same
My bills aint yo bills
My deals ain't yo deals
But still we gotta praise him

My problems ain't yo problems whoa whoa
But I know that he can solve them whoa whoa
Jesus is who I call on whoa whoa
So guess what we gotta praise him
