I never cried the way I cried over you
As I put down the telephone and the world it carried on
Somewhere else, someone else is crying too
Another man has lost a friend, I bet he feels the way I
do

And now I'm left without, but you're here within
As I watch the sun go down, watching the world fade
away
All the memories of you come rushing back to me
As I watch the sun go down, watching the world fade
away
All I want to do is kiss you once goodbye

Summer comes and I'd remember how we'd march
We'd march for love and pride, together arm in arm
Tears have turned, turned to anger and contempt
I'll never let you down, a battle I have found

And all the dreams we had, I will carry on
As I watch the sun go down, watching the world fade
away
All the memories of you come rushing back to me
As I watch the sun go down, watching the world fade
away
All I want to do is kiss you once goodbye, goodbye
Goodbye, goodbye

And all the dreams we've had, I will carry on
As I watch the sun go down, watching the world fade
away
All the memories of you come rushing back to me
As I watch the sun go down, watching the world fade
away
All I want to do is kiss you once goodbye, goodbye

And all the dreams we've had, I will carry on
As I watch the sun go down, watching the world fade
away
All the memories of you come rushing back to me
As I watch the sun go down and darkness comes to me
All I want to do is kiss you once goodbye
