"So tonight let freedom play
With our hearts till break of day
And forever stay a part of me

You and I under a lover's sky
We are the stars tonight
I'm so scared to say it but I'm so happy
Freely care sleeps till the morning light
And in these silent hours
How we live and die in tender moments
Some may say a hopeless romantic maybe byt what is
life
If it's always lived so save and wary

Chorus x2
So tonight let freedom play
With our hearts till break of day
And forever stay a part of me

Loving you
Move me in many ways
Look how I come undone
Make this journey long and never ending
I don't care
For passion si something rare
The smell of it fills the air
Sweet and wild and roars like thunder
You and I here in the morning light
We live to live our lives
Satisfied that the sun is rising

Chorus x2
So tonight let freedom play
With our hearts till break of day
And forever stay a part of me

You and I
Now there is nothing more
but thender memories
of our hearts and minds we once explored
What we chared, now there's nothing to compare

We leave it all behind, insepreable, nothing could
divide.

Chorus x2
So tonight let freedom play
With our hearts till break of day
And forever stay a part of me"
