You got me some good news just the other day  
Took such a long time just to come my way  
Always seem to happen, 'least it has in the past  
Good news takes forever and bad news travels fast

Bad news travels fast  
Bad news travels fast

I went out to the bank to get me a loan  
The man said, "We'll let you know in thirty days at your  
home  
Missed a couple of payments and it didn't take long  
I got me a phone call sayin', 'All your money's  
gone'

Bad news travels fast  
Bad news travels fast  
Bad news travels fast  
Bad news travels fast

I loved my baby, but she didn't love me  
Took such a long time just to get her to see  
But she found some guy that she loved more  
It took about five minutes man, I was right out that door

Bad news travels fast  
Bad news travels fast  
Bad news travels fast  
Bad news travels fast

Bad news travels fast  
Bad news travels fast  
Bad news travels fast  
Bad news travels fast
