You don't have to say it baby
I can tell that you're lookin'
Lookin' for something good to happen
Just to get your world movin' again

If you knew what I was thinkin'
You'd see it's all about to turn around
That old truck's got plenty of gasoline
Go grab a few things that you might need, 'cause

Out there somewhere's a memory
Waiting on you and me
Some kinda wild and free, crazy moment
That we'll neer forget, I swear

Girl, it's been a long time comin'
Climb on in, got the engine runnin'
Baby, way out there, somewhere there's a memory
There's a memory

We could find a hundred reasons
That could keep us from goin'
But how 'bout we take every single one
And just throw 'em all to the wind?

Turn that porch light on, I'll lock the door
Let's go find what we're lookin' for

Out there somewhere's a memory
Waiting on you and me
Some kinda wild and free, crazy moment
That we'll neer forget, I swear

Girl, it's been a long time comin'
Climb on in, got the engine runnin'
Baby, way out there, somewhere there's a memory
There's a memory, ooh yeah

Out there somewhere's a memory
Waiting on you and me
Some kinda wild and free, crazy moment
That we'll neer forget, I swear

Girl, it's been a long time comin'
Climb on in, got the engine runnin'
Baby, way out there, somewhere there's a memory
There's a memory

There's a memory
There's a memory
