Only One Life
Only one life just a single spark
But now that he is gone
I'm somewhere in the dark
If there are 10 million men on this planet
Tell me then how could only one life
Leave such a mark on me
One life
How could I have known
One life
Could be such a part of me
More precious than my own
Only one life

Only one life
What does it mean
It's only birth and death and everything between
If living is a pointless chore
Just existence nothing more
Why does only one life
Leave such an empty space
One life
Make it right or wrong
One life
Take a love I can't replace
That always will belong to only one life

Just another soul among so many
So who cares if one should fall
But though we're small we're full of magic when we
Just a word we changed it all
With only one life

We only have one chance to fight
But if we live it right
All we need is one life
To make a difference here
One life

Is such a small amount
One life
To say we care so loud and clear
We have to make it count after all
With only one life
