#### Verse 1

I joined this group a long time ago  
traveling 'round the country doing a lot of shows  
then the Lord showed me I was doing it all wrong  
He told me to spread His word through all of my songs

so im asking you to guide me... cant do this by myself  
I need you Jesus can't depend on nobody else

#### Chorus

I need you yes I do  
I need you yes I do

#### Verse 2

since I decided to make Jesus my choice  
the road hasn't been easy but he's kept me right on  
course  
so many times I felt like giving up  
but Lord you kept your arms around me and you  
covered me with your love

Lord I just want to thank you for being so good to me  
you opened so many doors that I couldn't nearly see

#### Chorus

#### Verse 3

I cast my cares upon the you  
I need you Jesus to see me through  
I cant make it by myself  
its just you and me Jesus I don't need nobody else

this world we're living in has grown cold  
they're killing the young, and they're even killing the  
old

Chorus (repeats until the end)

(Ad lib)

Just like a flower, needs the rain  
Just like a conductor, needs his train

just like a highway, needs two lanes  
just like a window, needs a pane

just like a carpenter, needs a hammer  
just like a little child, needs some manners  
like the sun, needs to shine  
I need you Jesus, I need you all the time
