What mood is that you wear this time
Why do you get high
To change the seat your in
In time you won't come back again
What mood is that you wear this time
Why do you get high
To change the seat your in
In time you won't come back again

High (x6)

Make light of the weight
Time off from hell
I could be in
These are the words you say
What mood is that you wear this time
Why do you get high
To change the seat and complicate things

High (x6)

What does it take to get you high
What will it take to get me high
What does it take to get us high
Whatever it takes to get you high

High (x2)

You don't like me when i'm high
High haha haha
