PEEL OFF!

If u got a system in tha trunk

Shoes on ya whip an' u rollin up a blunt

PEEL OFF!

If u wild racin fo' tha dough

When tha flag hits tha floo' an' they yellin out GO!

PEEL OFF!

If u see tha pigs on ya tail

Knowin if u get locked that u wont make bail

PEEL OFF!

Whatchu gonna do?

PEEL OFF!!

[Verse 1]

When I cruise tha strip u know that it's me

Split tha crowd in half like Moses did to tha seas

0 to 60 in 4 flat, make u look inferior (woo)

Funny how my throwback matches tha interior (yea)

I aint scared of ya, c'mon lets be serious

Cant catch me Im '2 Fast 2 Furious' (Part two)

Bullshit walks an' cash talks (what's that sound?) (what is that?)

My low pros burnin up tha asphalt

Drop top Spyder in tha Summa' Im good (yea)

Lost ya words soon as u look unda tha hood

Twin cam turbo, ya mans in shock

Only words comin out your mouth (Damn that's hot!

hahaa)

Got a spoiler on tha back everytime I skate off (what)

U thinkin it's a jet that's about to take off (what)

Cash an' pink slips, whole enchilada

Soon as tha lights turn green, u know that u gotta!

[chorus]

[Verse 2]

I got a need for speed, Im freezin up time (time)  
Wanna race the kid, throw ya keys on tha line (line)  
Im switchin gears, never brake for tha curb  
Crossed tha finish line twice before u make it to third  
(haha)  
Wit a fly ass shorty in tha passenger side (yea)  
One hand on tha wheel, one hand on her thigh (aoww)  
Y'all can't see me, peekin thru tha tinted windows  
Just to get a glimpse of Francine Dee  
Let the haters talk, Ive been called rumors (what)  
See me on tha cover on tha Import Tuner  
Lookin at tha Skyline I cocked for tha race (that's rite)  
Even got a Evo 8 that aint droppin tha States  
This aint for no amateurs (unh unh)  
Every time I roll thru hot Import Nights it's lights,  
cameras  
Action ('tion) u know whos tha headline  
Do a buck sixty everytime I redline

[chorus]

[Verse 3]

Aint a damn thing stocked, u see tha differences  
Im a Pioneer just like yo system is (woo)  
Two screens on the dash, u choose tha best view  
Wireless controls for tha PS2  
Skip tha bullshit, an' tha foolishness too  
They say we 'Disturbin Tha Peace' like Ludacris Crew  
U want war? Im settlin tha score (yea)  
No lookin back now put tha pedal to tha floo'!! (ohh)

[chorus x2]

[Outro]

All my people in tha place to be, uhh  
Let me hear you say... (wooo)  
Uh, if u rockin wit me  
Let me hear you say, wha... (wooo)  
Uh, double R uhh, yea... (wooo)  
Hahaa, uhh, c'mon

{Tyrese}

U aint ready! I run these streets!!
