[Jin]

[Girl]

You Fly

[Jin]

Thas right

[Girl]

Guess what?

[Jin]

What?

[Girl]

Ima leave my man tonight.

[REPEAT 3x]

Picture me cruisin down ya block with the windows  
down,

System on full blast as the rims go round.

Chickens breakin they neck like Aint that Jin?

Boyfriends on the side be like That aint him.

I aint tryna ruin ya plans at all,

Just in case you and your man fall apart, oh, girl, give  
me a call.

I was strollin through Chinatown like any other day,  
When I bumped into this shorty made me look the other  
way.

A fly Chinese chick, I was feelin her style,

She had the classic Air Jordans I aint seen in while.

I pull up to the curb, hop out the car (skirtt)

Before I introduce myself, she said I know who you are

Your name is Jin, right? From freestyle friday

Im like what up, ma? You just made my day.

She lovin my skeets said I dress well for an asian.

And the article in XXL was amazin!

Just to prove she watched all seven shows,

She kicked one of my lines from each episode.

20 minutes past, we been chattin for a while,

Standin on the corner of Broadway and Canal.

Im askin shorty, what's up with later tonight?

She said she got a man, and she aint a playa iight?  
I figured I caught an L, but as Im walkin away,  
She called my name, I looked back and heres what she  
had to say  
[CHORUS x4]
