Vers 2

My Itunes account shit I never use it I just use the
iTunes to store all my music
Remember before the internet was here? before cds
when kassetes was all you hear
Had to switch from A side to B side Now all you gotta
do is let your mp3 ride
But it's not the computernerds doing it leave it up to the
bootlegers to ruin it
I uesed to love the feeling to rushing to the store
picking up a cd that nobody heard before
To all you rappers your hard works is throu the china-
man and africans got your all work too
Killing any anticipation you my had built listen clown it's
a rap you might get killed
I bet you believe I'm hot when I get album by the month
to month before my album even out ok

Chorus (x2)

I download music I don't by music
No way jose Unless it's my music
I Aint bitching around in stores in a minute
My Ipod got like a million songs in it

Vers 3

See I'm aint trying to be labeled as a thief I'm just picky
with my music and plus I'm kinda cheap
Don't worry about what I do on my first week just listen
to the ryhmes and appreciate the beats
I'm trying have a smash from the net to the streets
without snapping my fingers or
Stomping my feet That stuff is great but I'm just not
able to do this anything I trying to bring something
different to the table
Last week my pc damn near exploded cause of some
bullshit I accidently downloaded I'm not hating I just
don't like trash dammit
And If you ***** [?] that's exactly where I drag it
Right in the trashbin cause you're a has been delete
you off my harddrive Hey that's jin
Next time you see me on Mtv shout out to my homeboy
what up Mp3

Chorus (x2)

I download music I don't by music
No way jose Unless it's my music
I Aint bitching around in stores in a minute
My Ipod got like a million songs in it
