Verse I

I can't forget the very first time you and I laid eyes,
you were glowing like a candle shining light into my
life,
I feel so bad we had to separate and go our own way,
so with this rose I give you my heart on your special
day.

Chorus

Celebrate -
Wishing you the best of life,
giving you my deepest treasures ,
even though I can't be by your side,

Celebrate -
for the day he gave you life,
so keep your smile and lovely eyes,
and celebrate.

Verse II

I wake up early morning thinkin' about your special day,
I got to get to your front door ,
before your family wakes,
I've waited for this moment so I got to get it right,
I gently lay the rose on your step,

for your surprise.

Chorus

Celebrate -
Wishing you the best of life,
giving you my deepest treasures ,
even though I can't be by your side,

Celebrate -
for the day he gave you life,
so keep your smile and lovely eyes,
and celebrate.

Verse III

If you knew how I feel,
feel inside, deep inside,
how I feel,
so I take my heart,
and pour it in this little flower.

Chorus

Celebrate -
Wishing you the best of life,
giving you my deepest treasures ,
even though I can't be by your side,

Celebrate -
for the day he gave you life,
so keep your smile and lovely eyes,
and celebrate.
