bichidoe narur barghyojwo
To bushwojyo norur wiheso hogshi darungo dashi
theonandedo ojig negen no hana

And you come to me on a summer breeze

Keep me warm in your love than you softly leave
And it's me you need to show how deep is your love
How deep is your love how deep is your love I really
need to learn
Cause we're living in a world of fools breaking us down
When they all should let us be. we belong to you and
me

Uh! you hold me the key to my heart uh!
Yo and we can never be apart boo we'll ride dip and
dive
Take you to a place as I'm by your side uh!
Two hearts falling deep inside uh!
From start let me make you glide cause you got me
open wide

And you may not think I care for you
When you know down inside that I really do
And it's me you need to show(how deep is your love)
I really need to know
Cause we're living in a world of fools
Breaking us down
When they all should let us be we
Belong to you and me
I believe in you
