## "Crying Out"

Do you see me?  
Do you hear me?  
Can you stand me?  
Can you want me?  
'Cause I need you and I'm crying,  
I'm crying out for you.  
It's those unsaid goodbyes,  
And the millions of lies,  
And the fact that you just don't care.  
Hurt and regret,  
I shouldn't let you get to me but you do,  
Mess with my head,  
There's nothing I can do.  
And the truth is,  
I'm not okay but it only hurts when I'm awake,  
I can't take this anymore,  
I'm dying over you.  
I cannot move,  
I cannot feel,  
It's so unbelievable,  
This feeling's completely unreal.
