Sick of never finishing what I start,
It never gets me anywhere,
But once I had a taste of you,
I knew you'd bring me everywhere,
Everywhere...
Save me from my iniquities,
I wish if you could only see,
I'm trying here and I just can't breathe,
These empty promises make me believe everything
that I see,
I'm trying here and I just can't breathe.
In the end it all comes down to this,
When I believe in every word you say,
But I will do things on my own,
And all those times will fade away,
Fade away....
Save me from my iniquities,
I wish if you could only see,
I'm trying here and I just can't breathe,
These empty promises make me believe everything
that I see,
I'm trying here and I just can't breathe.
Save me from my iniquities,
I wish if you could only see,
I'm trying here and I just can't breathe,
These empty promises make me believe everything
that I see,
I'm trying here and I just can't breathe,
I just can't breathe,
I just can't breathe.
