Truly,
Completely,
Always unconditionally,
Always free, yet calmly,
I always seem to pull through.

I still see that same look in your eyes,
As if you think there's something to hide,
We both know that it's pointless to trust you,
We both know I can see right through you.

And I will never understand the things you put me
through,
And you will never understand the ways I looked at you,
I don't always need your helping hand to pull me
through,

Not many places I can go,
I see the signs you're skeptical.

Pretending that it's fine with you will get you so far,
But when the truth comes out,
They'll all see how you really are...

And I will never understand the things you put me
through,
And you will never understand the ways I looked at you,
I don't always need your helping hand to pull me
through.

Truly,
Completely,
Always unconditionally,
Always free, yet calmly,
I always seem to pull through.

And I will never understand the things you put me
through,
And you will never understand the ways I looked at you,
I don't always need your helping hand to pull me
through.

And I will never understand the things you put me
through,
And you will never understand the ways I looked at you,
And I don't always need your helping hand to pull me
through.
