Ohh..

Heaven knows all that glitter isn't gold
to hold u close, to deny the truth
I wish I could
but I cancel if you would
please kiss me now, and I'll belong to you
10,000 miles of road will never change me
i guess were better off this way

Chorus:

i belong
even when we're far from home
yeah i belong
i belong, to you
and i belong, even when our youth is gone
yeah i belong
i belong, to you

shooting stars in the backseat of your car
just one more night, that I lied to you
ooohhh....
sticks and stones will try to smash all that we know
so hold me now
and i'll belong to you
10, 000 miles of road will never change me
i guess were better off this way

Chorus:

i belong

even when we're far from home
yeah i belong
i belong, to you
and i belong, even when our youth is gone
yeah i belong
i belong, to you

ooohh....

yeah..noo...nooooo....

10,000 miles of road will never change me
i guess were better off this way

Chorus:
i belong
even when we're far from home
yeah i belong
i belong, to you
and i belong, even when our youth is gone
yeah i belong
i belong, to you

to you, to you
to you
(fades out)
