Breakin' up is hard to do
Breakin' up is sad and blue
Makin' up is the thing to do
Don't you know what I say is true?
Like I told you once before
This fussin' and fightin'
They'll be no more
I will make this promise to you
Just to prove my love is true
[Interlude]
Breakin' up is hard to do
Breakin' up is sad and blue
Makin' up is the thing to do
Don't you know what I say is true?
Like I told you once before
This fussin' and fightin'
They'll be no more
I will make this promise to you
Just to prove my love is true
