I know where people go  
When they know how to breathe slow  
They lay low  
Don't want the world to know  
Wake up, boy you better shake up  
the things in your head  
So you can be alone when you're alone  
I am alone  
All I ever want to know  
Is why you never let it show  
When you're around me  
When you're in me  
Why don't you tell me  
You know I believe you  
Take me for granted  
It's all I ever wanted  
Why didn't you get it  
Before we lost it? We lost it  
Make up your mind  
For the time that drove us to break up  
Say it isn't so  
Boy I'll let you go  
I'm not the one to tell you where to go  
You should know by now  
I always give my all to the one I love  
I won't ever mind the things you said  
But I remember every word I read  
Go, let it out  
If you scream I will shout  
Tear open your mouth  
What are you about?  
You're looking for divine  
If you leave I will shine  
Next time you see me  
you'd better stand in line  
Hold the line
