I messed around with your silly mind
I poked around in your knee deep philosophy
So i made your mama cum, and i stole your shoes
I ate your porridge kid, i ate your porridge

What do you mean, pride
What do you mean, hide?
Neither you nor i can die (unless we want!)
Whiskey dick in a shanty town
Beaver snake in my Snord Gruebens underwear
Polio kids for me!
Yer talkin crap Merrick, yer talkin crap MERRICK!
How you like me now?
Neither you nor i can die (unless we want)
