Hearts broke
When your heart stopped beating
I don't
Know if mine will ever stop bleeding

Eleven minutes
To breathe you in
I felt the darkness
When I knew I couldn't hold you again
When I knew I couldn't hold you again

Olivianna, you're in the arms of God
Just a moment there is better than here

Life is short but it is wide
I know it's true
You touched more souls
Than most people ever do

Olivianna, you're in the arms of God
Just a moment there is better than here

You could not stay with us
(You could not stay with us)
We will come to you
(We will come to you)
You could not stay with us
(You could not stay with us)

Oh oh oh oh
(You could not stay with us)
You're going home love
(We will come to you)
Where you belong
(You could not stay with us)
Oh my baby, girl
I'll see you soon

Olivianna, you're in the arms of God
Just a moment there is better than here

(You could not stay with us)
Olivianna,
(We will come to you)
You're in the arms of God
(You could not stay with us)
Just a moment there
(We will come)
Is better than here
