People go dancing  
In crowded rooms  
My head is getting tired  
Darkness looms  
Children go cursing  
At their only cause

Why won't it snow?  
Like they said it would  
What is it that they know?  
That I really should

I check my look  
In the mirror, it don't glow  
My face is getting thinner  
Darkness shows  
Children go cursing  
At their only cause

Why won't it snow?  
Like they said it would  
What is it that they know?  
That I really should

Why won't it snow?  
Like they said it would  
What is it that they know?  
That I really should
