I remember when I made you love  
What I felt inside  
That this heart of mine was beating strong  
And I felt even shy  
Oh whoa, baby you gotta believe me  
When you ask my name  
Oh I started shaking cause I knew  
I was in love with you

This is the story of you and I  
Of you, and I  
And you hear the story you and I  
Just you, and I  
This is the story of you and I  
Of you, and I  
And you hear the story you and I  
Just you, and I

This is the story of you and I

When you had to go so far away  
I've been missing you  
You don't know how many nights I've prayed  
Tears I've been crying too  
Oh whoa, baby you gotta believe me  
When I say you're my life  
And now that you are back on again  
This is of joy I cry

I hear the story you and I  
Believe me  
I hear the story you and I  
Believe me  
This is the story of you and I
