[Verse 1]

I was thinking back on yesterday  
it was you that was on my mind  
took me back to one particular day  
it was the day that you caught my eye  
and i saw you for the first time  
and for the first time you saw me  
and all these thoughts ran through my mind  
how you might be the man for me  
and the sunlight was shinin and the moon did glow  
on your face you were smiling cuz i didn't say no

[Chorus]

Cuz boy you know you bring me happy days  
and i don't want this feeling to go away  
cuz boy you know you bring me happy days  
and i hope and pray that these feelings will never  
change

[Verse 2]

And every time i think about when we first met  
i know it was our season

it's hard to believe that our love is still strong  
i feel like God has placed you in my life for a reason  
and with him in our lives our love will never go wrong  
and from that day now you've turned my world upside  
down  
and i just can't figure out  
how you always seem to make me smile

[Chorus]

Cuz boy you know you bring me happy days  
and i don't care about what people say  
you know you'll always be my baby  
cuz boy you know you bring me happy days, happy  
days  
boy you know you cannot be replaced  
and i don't care about what people say  
you know you'll always be my baby  
cuz boy you know you bring me happy days, happy  
days
