I just can't help it
I just can't help it
I just can't help it
I just can't help it

I don't know what it is
it's like you got a hold on me
it's like i'm wrapped up in your spell
that's bout to take control of me
cuz boy you have me smiling all day long
and you got me singing this song
and i can't help it

Oh i just can't help it
I just can't help it baby
(oh i just can't help it)

This is something i just cannot dismiss
cuz there is something bout you that i just can't resist

boy you have me smiling all day long
and you got me singing this song
and i just can't help it

I just can't help it baby
(oh i just can't help it)
i just can't help it baby
(oh i just can't help it)

You look at me
i look away
i look at you
you do the same
i don't know why
i act this way
i don't know why
i act this way
you look at me
i look away
i look at you
you do the same
i don't know why

i act this way
i don't know why
