Groovy beat, into the groovy beat
Groovy beat, into the groovy beat
Let's feel the rhythm that is in your soul
Let's feel the heat,
Feel the heat

You can turn me up
You can turn me down
And the beat's gonna take me higher
You can turn me up
You can turn me down

Cause the heat's gonna light the fire

(Jack to the rhythm of the groovy beat)

Groovy beat, into the groovy beat
Groovy beat, into the groovy beat
Let's feel the rhythm that is in your soul
Let's feel the heat
Feel the heat
