Ya lookin' just a little too hard at me
Standin' just a little too close to me
Ya sayin' not quiet enough to me
Ya sippin's just a little too slow for me

No doubt, ya playin' around cool homie
Got me thinkin' what is it you do for me
Trippin' ova it, a little more than I should be
So let ya self go and get right with me

I'm about to sign you up, we can get right
Before the night is up, we can get
Get right, get right, we can get right
I'm about to fill your cup, we can get right

Before the night is up, we can get right tonight
We can get right
Do you want more? Do you want more?
Do you want more? Do you want more?

Ya lips talkin' 'bout I play too much
Can't a woman take advantage of what she wants
My hands movin', oh, so slow
Bar tab lookin' like a car note

All I need is you here right by my side
Take whatever ya want, baby let's ride
And whatever ya want so you need to sign
Just put ya name on the dotted line

I'm about to sign you up, we can get right
Before the night is up, we can get
Get right, get right, we can get right
I'm about to fill your cup, we can get right

Before the night is up, we can get right tonight
We can get right
Do you want more? Do you want more?
Do you want more? Do you want more?

So much we've got to say
But so little time

And if tonight ain't long enough
Don't leave love behind
(Don't leave love behind)
Take my hand, I'll show you how

I'm about to sign you up, we can get right
Before the night is up, we can get
Get right, get right, we can get right
I'm about to fill your cup, we can get right

Before the night is up, we can get right tonight
We can get right
Do you want more? Do you want more?
Do you want more? Do you want more?

I'm about to sign you up, we can get right
Before the night is up, we can get
Get right, get right, we can get right
I'm about to fill your cup, we can get right

Before the night is up, we can get right tonight
We can get right
Do you want more? Do you want more?
Do you want more? Do you want more?

I'm about to sign you up, we can get right
Before the night is up, we can get
Get right, get right, we can get right
I'm about to fill your cup, we can get right

Before the night is up, we can get right tonight
We can get right
Do you want more? Do you want more?
Do you want more? Do you want more?
