"Apology Song"

[Verse 1]

This is the apology song
Maybe I should call you when I'm running late
Too many times when I left you there and made you wait
It's crazy...that you still my baby.. yeahh

I get home every night, and it's an argument
I really should, but I don't tell you where I've been
Cause lately I been actin' so crazy .. yeahh

[Chorus]

Sometimes it takes a lot to admit I'm wrong
That I don't wanna wake up to find you gone
A girl like you is one in a million,
And I want you to know.. so here it goes..

I put on the apology song
I know that I was wrong so,
I take back every word that I said

I put on the apology song
It's been far too long
So I think it's time to put this to bed (?)
Girl I'm sayin that I'm sorry [x4] that I did it again

When you hear the melody I hope you be forgivin me
Always end up makin you mad

[Verse 2]

I know sometimes I'm out and it gets late at night
I say theres no reception or my battery died
It's crazy, why do I lie to my baby? Whyyy?
If you are doing the same things that I do
I don't know if I can stand bein with you

I'm gonna stop takin you for granted (I think this is the line..)
I've been doing it now for too long

[Chorus]

Sometimes it takes a lot to admit I'm wrong
That I don't wanna wake up to find you gone
A girl like you is one in a million,
And I want you to know.. so here it goes..

I put on the apology song
I know that I was wrong so,
I take back every word that I said

I put on the apology song
It's been far too long
So I think it's time to put this to bed (?)
Girl I'm sayin that I'm sorry [x4] that I did it again

When you hear the melody I hope you be forgivin me
Always end up makin you mad

[Verse 3]

This is the apology song..
Baby, forgive I'm just bein a man
There are so many things you don't understand
But imma try my best you deserve though

[Chorus]

I put on the apology song
I know that I was wrong so,
I take back every word that I said

I put on the apology song
It's been far too long
So I think it's time to put this to bed (?)
Girl I'm sayin that I'm sorry [x4] that I did it again

When you hear the melody I hope you be forgivin me
Always end up makin you mad
This is the apology song..
