Lay down your arms, guns on the floor  
I don't want to fight with you no more  
I'm calling ceasefire or a treaty  
See, we both goin' to lose, best believe me

We're in the trenches, let's climb on out  
'Cause our relationship is in doubt  
Give me my orders and I'll oblige  
'Cause it's killing me inside

I'm like the walking wounded  
My heart is ruined  
Sick of dodging bullets  
In this love at war

So tired of going through it  
Don't think I can do it  
This ain't what I bargained for  
This love at war

Let's clear the tactics  
Stop with your razor sharp tones  
Over reacting, I call for peace now  
Let's make amends  
Before this love affair ends

Oh, let's both be real  
This love's a battle  
Don't need the extra  
Distractions we can't handle

Let's fix the game plan  
I'm thinking we can, yeah  
Both of we just walk away  
Love another day

I'm like the walking wounded  
My heart is ruined  
Sick of dodging bullets  
In this love at war

So tired of going through it

Don't think I can do it  
This ain't what I bargained for  
This love at war

Baby, I got to say it  
This love at war  
Something I never anticipated  
This love at war

No easy way to deal with it  
So sick and tired of dodging bullets  
I declare I don't want to do this  
Don't want to be left for dead

I'm like the walking wounded  
My heart is ruined  
Sick of dodging bullets  
In this love at war

So tired of going through it  
Don't think I can do it  
This ain't what I bargained for

'Cause I'm like the walking wounded  
My heart is ruined  
Sick of dodging bullets  
In this love at war

So tired of going through it  
Don't think I can do it  
This ain't what I bargained for  
This love at war

Can't take no more of this love at war
