First day that I saw you,
Thought you were beautiful
But I couldn't talk to you, I
Watched you walk away.

And it felt like I spent,
All of that second day
Tryning to figure out what it was
That I should have said.

Third day saw you again,
Introduced by a friend, said all
The words I wanted to.
On day Four and Five and Six,
I don't know what you did,
But all I could think about was you.

Chorus:
Thought I couldn't want you,
More than I did before.
But everyday I love you a
Little bit more.
Find myself asking
What are you waiting for,
Cos everyday I love you a
Little bit more.

Days they turn into weeks,
That's how good this has been.
Still I can't believe the way this
First year has flown.

Still you catch me by suprise,
When I look in your eyes.
When you turn and say
That you love me.

Chorus:
Thought I couldn't want you,
More than I did before.
But everyday I love you a
Little bit more.(and more)

Find myself asking
What are you waiting for(What you waiting for)
Cos everyday I love you a
Little bit more.

(And more)
Love you more
(And more)
I love you more
(And more)
I love you more
Hey Hey Hey Hey.

Day one I first laid my eyes on you,
Day two I can't help but think of you,
Day three was the same as day two,
Day four I fell in love with you.
Day five you spent it with me,
Sixth day knocked me off my feet,
Day seven that's when I knew,
Spend the rest of my life with you.

Chorus:
Thought I couldn't want you,
More than I did before.
(Every day now)
But everyday I love you a
Little bit more.
Find myself asking (Find myself)
What are you waiting for,
(What are you waiting for)
Cos everyday I love you a
Little bit more.

Bridge:
Everyday,
Knowing I'm going to see your face.
And that's enough for me,
(That's enough for me)
I want you more and more
And more everyday.
(And more)
I wanna spend my life with you,
(And more)
Everyday learn something new.
(And more)
I love you more and more
And more everyday.

(And more)
Love you more

(And more)
I love you more
(And more)
I love you more
