Ohh, shes the kinda girl I dream about
Magazines, glossy magazines
She is the only one I think about lead lady in my
dreams
Hey I have waited so long to gather up my courage
She has got me love drunk, fumbling my words
Times running out gotta do it now
Shes the one I cannot live without

Yeah
Shes the one I cannot live without
Yeah x4

You only get one shot, so make it count
You might never get this moment again
The clock is ticking down, its the final round
So tell me what is it thats stopping you now
You'll never know unless you try
You'll only regret, sit here wondering why
You only get one shot, so watch this moment go by
When loves on the line

I never thought that I would get the chance
To tell this girl how I feel, tell her how I feel
Sometimes I pinch myself a mile away
This cant be real, this cant be real
Move faster, can't wait any longer
Gotta do something, before she gets away
Do it like a movie, take her by the hand
I'm gunna love this girl until the end

You only get one shot, so make it count

You only get one shot, so make it count
You might never get this moment again
The clock is ticking down
It's the final round
So tell me what is it thats stopping you now
You'll never know unless you try
You'll only regret, sit here wondering why
You only get one shot, so watch this moment go by
When loves on the line x3

She is the definite type of beautiful, she knocks me off
my feet
Imma tell her shes my everything, tell her that shes all I
need
That I know shes the reason that my heart beats
Goes like da, da, da x2
You might never get this moment again, ay
This moment again

You only get one shot, so make it count
You only get one shot, so make it count
You might never get this moment again
The clock is ticking down
It's the final round
So tell me what is it thats stopping you now
You'll never know unless you try
You'll only regret, sit here wondering why
You only get one shot, so watch this moment go by
When loves on the line x3
