Marvin:

Mary, I guess it's time for me to speak the truth
And tell you how I feel.

Aston:

You used to turn away whenever I had caught your
stare
I know sometimes I made you feel as if you wasn't
there
You made such an effort just to get my attention
How can you blame me baby coz I didn't know

JLS:

"Girl you never told me tell me why (You should of
said something), ohhh why (It's too late now)

Chorus:

Mary, (Mary) I Know That You Want Me,
So I'm saying sorry, (Sorry)
That I never gave you time
Maryy, (Mary) to save your heartache (heartache), think
its time that we should say
I'll can never be the man that you need

Aston:

Sometimes when I wish on stars, that
we could of lived on Mars, that
There will be no temptation, that's just imagination
Maybe because of Lisa or was it down to Keisha
If you had fought your corner we'd be happy ever after

Marvin:

So save your questions, cause there aint no answers
I can't help, you're on your own

Chorus:

Mary, (Mary) I Know That You Want Me,
So I'm saying sorry, (Sorry)
That I never gave you time

Maryy, (Mary) to save your heartache, think its time that
we should say

I can never be the man that you need

Marvin:

Mary, I wish you would of said something.
How was I supposed to know?
I'm sorry of how I treated you.
And kept ya hanging on
I guess I gotta be cruel to be kind.
I'm sorry.

Chorus:

Mary, (Mary) I Know That You Want Me,
So I'm saying sorry, (Im Sorry)
That I never gave you time
Maryy, (Mary) to save your heartache, think its time that
we should say
I can never be the man you need

Chorus:

Mary, I Know That You Want Me,
So I'm saying sorry,
That I never gave you time
Mary, to save your heartache, think its time that we
should say
I can never be the man that you need

Chorus:

Mary, (Mary) I Know That You Want Me,
So I'm saying sorry, (Sorry)
That I never gave you time
Maryy, (Mary) to save your heartache, think its time that
we should say
I can never be the man you need.
