## "PCD"

Ohh why I'm beauty queen?  
To me your like a work of art  
What you get is what you see  
Like me you work so hard  
When you're on the road with me  
You lay the party life  
You got the moves to drive a cub wild  
But no I dont drive a motor racing car  
And dont have money like a F1 super star

And who would believe  
That you could happen to me  
I fell for those big brown eyes  
And the sweetest smile  
Drives a brotha crazy

You can be my pcd  
Just name the game we'll play  
The best thing of the week  
My super-Saturday  
Girl you will love  
To choose the rules  
And have the final say  
All because you're my? sugar babe  
Thats the girl for me

Fashion is the extrodinaire  
Style like I'm off the week  
Wherever I look you're there  
Tryin to keep up with me  
Out on the town with the girls  
Your still so down to earth  
You would be my video girl  
And no I don't drive an astin martin car  
And I dont have money like a football superstar

And who would believe  
That you can happen to me  
I fell for those big brown eyes  
And the sweetest smile

Drives a brotha crazy

You can be my pcd  
Just name the game we'll play  
The best thing of the week  
My super saterday  
Girl you will love  
To choose the rules  
And have the final say  
All because you're my sugar babe  
Thats the girl for me

If your the girl to be with me  
Then put your hands up  
Baby I like what I see  
So keep your hands up  
Dont care if no one agrees  
Just keep your hands up  
If your the kinda girl that I need

You can be my pcd  
Just name the game we'll play  
The best thing of the week  
My super saterday  
Girl you will love  
To choose the rules  
And have the final say  
All because you're my? sugar babe

You can be my pcd  
Just name the game we'll play  
The best thing of the week  
My super saterday  
Girl you will love  
To choose the rules  
And the final say  
All because you're my sugar babe  
Thats the girl for me
