How we got here, I can't explain,
But what's important is that you came.
You can take my future now and hold it in your hands,
There's no going back, tell me why you never want to.

How come, how come,
I could not see?
My heart, my heart,
Shattered into pieces.
No one, no one,
Could ever reach me.
It only made sense when you were standing right in
front of me.

Hey, do you know that you save my life,
'Cause you came and you helped find,
All the pieces, all the pieces of my heart.
You taught me how I can live again,
Didn't know all that I was missing.
All the pieces, all the pieces, all the pieces of my heart.

I didn't know this, I felt no pain.
My heart was frozen, ice in my veins.
Waiting at a station for a train that never came,
Living in a city where nobody ever asked my name.

How come, how come,
you could break through?
You saved my life,
Girl I owe it all to you.
No one, no one,
Had ever reached me.
You fixed all of the pieces and you're standing right in
front of me.

Hey, do you know that you save my life,
'Cause you came and you helped find,
All the pieces, all the pieces of my heart.
You taught me how I can live again,
Didn't know all that I was missing,
All the pieces, all the pieces, all the pieces of my heart.

And my life is starting all over again,
Like the sun coming up on a brand new day
Starting right here, starting right now,
You and me girl, won't let anybody stop us now.
'Cause my life is starting all over again.

Hey, do you know that you save my life,
'Cause you came and you helped find,
All the pieces, all the pieces.
You've got all the pieces of my heart (x3)
You've got all the pieces.
You taught me how I can live again,
Didn't know all that I was missing.
All the pieces, all the pieces.
Hey, do you know that you save my life,
'Cause you came and you helped find,
All the pieces, all the pieces of my heart.
