I can't believe, finally,  
She's tryna break out of her shell  
She's admit, to achieve  
Her worlds her oyster  
You would never tell

[Verse 1:]

She's so authentic. So unsuspected  
This girl can go to School  
And be respected  
Her expression is a smile on her frown  
Goes home and it's upside down  
Walks through the door this little miss she's creeping  
Know the sound will get her beating  
Why oh, why, is this girl still weeping  
Can't say anything cause she feels shes creeping

[Chorus:]

She's just a few degrees shy of the cool  
Gotta change those rules, yeah [x2]

[Verse 2:]

I'll find away, is what you said  
Those words still rotate in my head  
I sit there, thinking, How I can turn this around

What ya gonna do when the hurt  
Turns physical  
Sending you a message that is so subliminal  
As if she's so hard to get out  
JLS here to break it down  
When you gonna step up believe your emotions?  
To the cause you'll be fully rewarded  
Walk around with a smile on her frown  
JLS here to break it down

[Chorus:]

Shes just a few degrees shy of the cool  
Gotta change those rules, yeah [x2]

Inside he's dying, this guy can't stop crying  
All his hurt and lying, cause he's shying away  
He's really trying, he's worried about that timing  
All his hurt and lying, cause he's shying away  
You don't understand why, I'm the way I am

Wanna tell you but I can't, I wanna tell you but I can't  
It's hard enough being the man  
Still I'll what I can guess  
It's the way I am, I am

[Chorus]

She's just a few degrees shy of the cool  
Gotta change those rules, yeah [x2]

She's just a few degrees shy of the cool  
Gotta change those rules, yeah

All his hurt and lying, cause he's shying away  
She's just a few degree shy of the cool, gotta change the rules, yeah.  
He's really trying, he's worried about that timing  
She's just a few degree shy of the cool, gotta change the rules, yeah.
