I just wanna see you work, baby

She's a beauty, like Beyonce
She's in all of my sweet dreams
Like Christina, she's a diva
Ain't afraid to get dirty

I couldn't tell you, gotta show you
'Cause her body's more than words
She's a goddess, to be honest
Shorty's putting in the work

Oh, tell me what you want, tell me what you need
Baby, I just wanna be your soldier
Oh, tell me what you want, tell me what you need
I'll be at attention when I hold ya

'Cause I like the way your body's working
Let's get on with it, stop with the flirting
Oh, on your job, yeah, yeah, work, work
Do your job, yeah, yeah, work

Like Rihanna, she's a rock star
You know I'll be her rude boy
Got me GaGa, she's a monster
Got me speechless with no voice

I wanna shout it 'cause a riot
Do it low would be absurd
To be honest, she's a goddess
Shorty's putting in the work

Tell me what you want, tell me what you need
Baby, I just wanna be your soldier
Tell me what you want, tell me what you need
I'll be at attention when I hold ya

'Cause I like the way your body's working
Let's get on with it, stop with the flirting
Oh, on your job, yeah, yeah, work
Do your job, yeah, yeah, work

Shake it, shake it, shake it, shake it
Move that body, baby, move that body, baby
Shake it, shake it, shake it, shake it
Move that body, baby, move that body, baby

Throw the ones up, throw the, throw the ones up
Throw the ones up, throw the, throw the ones up
Throw the ones up, throw the ones up
Watch me throw the ones up, I'mma throw the ones up

Tell me what you want, tell me what you need
Baby, I just wanna be your soldier
Tell me what you want, tell me what you need
I'll be at attention when I hold ya

'Cause I like the way your body's working
Let's get on with it, stop with the flirting
Oh, on your job, yeah, yeah, work
Do your job, yeah, yeah, work
Do your job, yeah, yeah, girl, work

Tell me what you want, tell me what you need
Baby, I just wanna be your soldier
Tell me what you want, tell me what you need
I'll be at attention when I hold ya

'Cause I like the way your body's working
Let's get on with it, stop with the flirting
Oh, on your job, yeah, yeah, work
Do your job, yeah, yeah, work
