Song: Anything You Need

I don't know what she does, to make me smile
I don't know what she does, to make me cry my baby
I am just a guy who wanna love you and love you more
I wanna love you, love you, love you more

I will be crazy if you wake away
Coz every word I said comes from my heart
You are ma girl the one and only I ever loved...
Take my hand young Girl and let go far away

I will give you anything you need
I will give you anything you need
Without you I am lost loneliness world lost
Loneliness world

I will give you anything you need
I will give you anything you need
Without you I am lost loneliness world
Lost loneliness world
Girl promise me that you'll never that you never walk
away
Cause I don't know what I would if I would lose your
love
She makes me smile even when I m wanna cry
She makes me happy and I just can't let her go

I will be crazy if you wake away
Coz every word I said comes from my heart
You are ma girl the one and only I ever loved...
Take my hand young Girl and let go far away
I will give you anything you need
I will give you anything you need
Without you I am lost loneliness world lost
Loneliness world

I will give you anything you need
I will give you anything you need
Without you I am lost loneliness world
Lost loneliness world

Oh oh oh uu uu
I love you I love you
She is all I need
I love you I love you
She is all I need
I will give you anything you need
I will give you anything you need
Without you I am lost loneliness world lost
Loneliness world

I will give you anything you need
I will give you anything you need
Without you I am lost loneliness world
Lost loneliness world
