When I first saw you baby
I wonder if you felt
The way I feel about you girl
When I saw you pass by
I couldn't see any reason
Why we shouldn't together aaaahh

I love the way
The way your hair blows in the wind
The way you talk to me
The way you treat me right oh
I love you
I love the way
The way your hair blows in the wind
The way you talk to me
The way you treat me right oh
I love you

When you talk to me
I swear I can't breath
I wonder I you feel the some way ohhh
You are the only girl in my mind
I love what you doing to me
The way you wispred in my eye and sooo

I love the way
The way your hair blows in the wind
The way you talk to me
The way you treat me right oh

I love you
I love the way
The way your hair blows in the wind
The way you talk to me
The way you treat me right oh
I love you

When you smile to me
I swear the sun never goes down
I wish you could see how much you mean to me
Deep in my heart
Deep in my soul

You make me feel
I want you forever

(X 4)
I love the way
The way your hair blows in the wind
The way you talk to me
The way you treat me right oh
I love you

Deep in my heart
Deep in my soul
I want you forever
