This old world can be cruel some times  
When you're looking for answers  
You can't seem to find  
No one understands  
What you're going through  
Oh I know I can get lonely out there  
When you feel like nobody cares  
Well, you look around thinking  
If they only knew  
Well I do

Chorus

I've felt the chill of this world  
Right down to the bone  
I've walked many a mile  
Down this road on my own  
I've been through hell on my knees  
Come face to face with the devil  
And I know it's hard to believe  
But it gets better

Time is a healer  
But we can't see how  
When we're caught in the moment  
And the hurting is now  
We don't want to see  
That maybe some things  
Weren't meant to figure out

Chorus

This old world, it can be cruel some times  
When you're looking for answers  
Well just keep in mind  
No you're not alone  
We're all trying to find  
Our way through this life

Chorus
