mmmmmm hmhhh

Every day is one more reminder  
Of a life, a life without you  
I get by, get by kind of  
Well at least that's what I'm tryin' to do

Torn apart by all the reason  
Lose myself in all the pieces  
Can't figure out the meaning  
So unsure and all I know is

I wake up, get outta bed  
Try to drag my fingers through my hair  
Then I think about us  
Yeah, I think about us  
Now you're gone it's understood  
God knows I'd change it if I could  
When I think about love, I just think about us  
And all those things that could have been all gone  
oh oh oh

So I deal with what I've been given  
All these feelin's, crowdin on me  
Oh I feel like I'm barely livin  
So I keep it simple and I keep on breathin

I wake up, get outta bed  
Try to drag my fingers through my hair  
Then I think about us  
Yeah, I think about us  
Now you're gone it's understood  
God knows I'd change it if I could  
When I think about love, I just think about us  
And all those things that could have been all gone  
I know that I don't wanna be that strong

Torn apart by all the reasons  
Lose myself in all the pieces  
Can't figure out the meaning  
So unsure and all I know is

I wake up, get outta bed  
Try to drag my fingers through my hair  
Then I think about us  
Oh, I think about us  
Now you're gone it's understood  
God knows I'd change it if I could  
When I think about love, I just think about us  
And all those things that could have been all gone  
I know that I don't wanna be that strong  
ooh, I think about us, mmm hmmm
